2014 PMNG Winter Conference

Thursday, January 23, 2014 2:00 PM - 5:30 PM

Boston, MA

If you have any questions or require more information on PMNG, please visit our website www.pmng.org or contact us at 212-350-1734 or PMNG@capcounsel.com.

Join **Nidhi V. Shandilya**, CFA, AVP, Senior Research Strategist at State Street's Center for Applied Research and Patrick J. Schena, Adjunct Assistant Professor of International Business Relations at the Fletcher School, Tufts University to discuss "*By the Numbers - The Quest for Performance.*"

How do asset owners navigate the quest for superior, risk-adjusted performance in a low-return world? Five years after the global financial crisis, investors are still eluded by the quest for performance. Asset owners must meet the challenges posed by underlying sources of market risk and the constraints on investment strategies imposed by liabilities, illiquidity and agency issues. Keys to succeeding in this environment include discipline, innovative thinking and flexibility.

The Performance Measurement Networking Group, Inc. (PMNG) is an organization serving as a professional networking and educational forum for investment professionals acting in various functional capacities involving performance measurement.

THERE IS **NO FEE** TO BECOME A PMNG MEMBER OR TO ATTEND THE CONFERENCE.
